Until all have heard....

The Lord has blessed us to have another successful mission trip in September to the Dominican Republic. We were accompanied by Bro. Craig Benner, Bro. Zac Padgett, Bro. John Meredith, and Bro. Charles Burnham.

We were able to work for three days on the construction of a house for Pastor Narciso in El Pinal. We prepared and poured a concrete slab. As the rain would start every evening, we were urged to hurry in our departure. The rains often flooded the bridge and it becomes impassable. Sure enough, when we came to the bridge we had to cross a raging torrent of water that was washing over the bridge. The next day when the waters had subsided we went back to finish the work and saw the place we had passed over the night before; just six inches either way and we

would have slipped into a deep hole and become stuck or worse.

We were also able to dig a portion of the footing for a perimeter wall in Lavapie and lay a few blocks. We hope to return soon and pour all the needed footings and finish the wall.

We also held a church service in the town park. Bro. Benner preached about coming out of your cave.

Several people came up for prayer. We have been able to order 1000 bibles that will be sent to various missionaries and to the Dominican Republic. These are very durable hardcover Bibles that hold up very well in tropical conditions.

I would like to thank everyone for their financial support. It is your giving that makes HSM a viable ministry. Please remember to check out our website at hsmmissions.org

Bro. Steve Gentry
