Greetings in the Name of the Lord!

*Until all have heard...*

We thank the Lord for another safe and prosperous trip to the Dominican Republic. I was accompanied by Bro. Craig Benner, Bro. John Meredith, and Bro. Joaquin Torres.

We continued to work in Lavapie on the construction of the church. We planned on using buckets to pour a concrete beam around the perimeter but when I called the concrete plant, they offered a concrete pumping truck for \$3500 pesos. When I did the math, it came to \$70 dollars. And that price included five labors to run the pump truck and pour out the concrete. What would have taken all day and been exhausting, took only about 2 hours.

Bro. Benner and Bro. Meredith donated funds to buy a motorcycle. This can be used to run to town and can eventually be donated to a pastor or evangelist.

We took a truck load of clothes and shoes to Batista. These will be distributed by the pastor to the church people and to the people in the village. While there, we had a tremendous service in the streets. In November we saw 13 people pray for salvation and 7 of those who had prayed were in the street service, worshipping God and singing praises.

We are planning a trip the 3<sup>rd</sup> week of October. This will be mainly a ministry trip. We will be ministering in the schools, the churches and the streets. This would be a great trip for a young person or a family. Please contact me if you are interested in going.

Thank you for your prayers and support.

*Bro. Steve Gentry*
